CIRCULAR

Subject: Prohibition of Motorized Vehicle Use inside the Campus

It has come to our attention that many PhD scholars are using motorized vehicles inside the campus. This is a strong reminder to the student community that the use of motorised vehicles within the campus premises is strictly prohibited.

Students are required to park their motorized vehicles in the designated area outside the campus next to the railroad intersection. Please ensure that the vehicles are parked responsibly and does not obstruct free flow of traffic.

Students are encouraged to use bicycles for commuting within the campus.

Failure to adhere to this policy may result in disciplinary action.

Appreciate your cooperation in maintaining a safe and peaceful campus environment.

Dr. Sasangan Ramanathan
Dean – Faculty of Engineering
