

OFFICE ORDER

Subject: Advisory on Student Conduct and Behaviour within the Campus

In accordance with the guidelines prescribed by the AMRITA VISHWA VIDYAPEETHAM regarding student discipline and code of conduct, all students at the university are advised to strictly adhere to the code of conduct and rules of the university to maintain the expected standards of behaviour.

As a Higher Education Institute rooted in strong cultural values, our university upholds academic decorum, mutual respect, and professionalism as its core principles. It is imperative that all students conduct themselves in a manner that reflects the cultural ethos of the institution and promotes a healthy academic environment.

Students are expected to maintain a respectable distance and observe professional boundaries in all interactions, especially with members of the opposite gender. Any form of unsuitable behaviour, lack of decorum, or disrespectful conduct will be viewed seriously and will invite disciplinary action as per the university's code of conduct and student discipline policy.

All students are reminded to demonstrate responsible behaviour, contribute to campus harmony, and be sensitive to the diverse and inclusive environment that the university fosters. Gender sensitivity, empathy, and matured social conduct must be reflected in both academic and non-academic engagements.

All Heads of Departments, Class Advisors, and Faculty Members are requested to bring this advisory to the attention of students under their care and maintain constant monitoring. This Office Order should be widely circulated and strictly complied with by all students.

Non-compliance with the above shall be dealt with seriously as per university disciplinary norms.
