VISHWA VIDYAPEETHAM

NATIONAL SERVICE SCHEME (NSS)

ETTIMADAI TEACHING

Date:02.07.2025

Subject: NSS successfully conducted a teaching program at Ettimadai for the children residing in the area.

PRAYER SONG :

The event began with the kids singing "Tamil Thai Vaazhthu" and "Uridhi Mozhi," which beautifully celebrated and enriched the vibrant Indian culture.

NSS Programme Coordinator, Dr. D. Venkataraman sir, passionately addressed the gathering, shedding light on the vision and mission of the *Amala Bharatam Campaign* — "**Clean India, Beautiful India.**" They spoke about how this initiative is not just a cleanliness drive, but a transformative movement aimed at making our nation a cleaner, healthier, and more beautiful place to live in. Emphasizing the importance of individual responsibility and collective effort, they inspired the students to actively participate in the noble cause. The children listened with great interest and attentiveness, their minds engaged and hearts stirred by the powerful message of cleanliness, environmental awareness, and national pride.

STORY TELLING:

The student coordinators took the stage to share a few engaging stories highlighting the importance of cleanliness and personal hygiene, including simple yet essential habits like brushing teeth properly. Their storytelling not only captured the children's attention but also served as a fun and educational experience. Later, the students were encouraged to retell the stories in their own words — a delightful activity that brought out their confidence and creativity. Those who bravely came forward and narrated the stories with enthusiasm were met with resounding applause and rewarded with small prizes, making the moment both joyful and inspiring.

QUIZ:

The students organized a fun quiz covering basic general knowledge for the children. Those who excelled in the quiz were warmly celebrated and awarded prizes, making the experience both enjoyable and rewarding for everyone involved.

DOUBT CLEARING SESSION BY NSS VOLUNTEERS :

The NSS volunteers took on the important task of addressing the doubts of children from classes 1 to 10, while also providing valuable guidance on career choices. Their dedicated support helped clarify uncertainties and inspired the students about future possibilities.

SNACKS DISTRIBUTION :

As a delightful conclusion to the program, the children were given biscuits and juices, which brought them great joy and excitement, leaving them with smiles and a sense of fulfilment.
