OFFICE COMMUNICATION

Subject: Minor programs offered in AY 2025-26 for 2024 B. Tech admissions

The following Minor programs are being offered to the **B. Tech students of 2024 admissions**:

1. Minor in Robotics and Automation
2. Minor in Internet of Things

Eligibility:

1. Students of B. Tech Aerospace, Civil, Chemical, ECE, CCE, EEE, ELC, CSE, CSE-AI, CSE-CYS and Mechanical Engineering programs are eligible to enroll **in any one** of the above minor programs.
2. Students of B. Tech ARE are eligible to enroll for the minor program in Internet of Things only.
3. CGPA of ≥ 7.5 CGPA at the end of 2nd Semester

Students are required to earn an additional 18 credits besides the credits required for the major degree to become eligible for the award of a minor degree.

Enrollment fee for the minor program: Rs. 20,000 per year for three (3) years. For the current year, interested students are required to pay Rs. 20,000.

The curriculum and syllabus for the minor programs can be found in the link below:

Link: [Minor Programs](#)

Interested students may enroll in any one of the minor programs adhering to the following dates:

Course Registration and Fee payment period: **23.06.2025 to 30.06.2025**

Registration and payment information will be sent from the Office of the Academic Coordinator.

Class Commencement date: **02.07.2025**

The timetable for the minor courses will be released by the respective departments offering the minor program without affecting the regular class schedule.

Note: A minimum of 25 registrants is required for a minor program to be offered. Programs with fewer than 25 registrants will not be offered.
