

17th August 2026

Notification – Supplementary Examination Registration (Odd Semester AY 2026 - 2027)

Registration for Supplementary Examination - Odd Semester AY 2026 - 2027 is as per the following schedule:

Start Date : 18th August 2026, 10 AM
End Date : 5th September 2026, 5 PM

Process and Terms for Registration

1. Registration process is only through MS Form submission.
2. Registration will be considered only after completing the remedial fee payment.

Registration will not be considered if any of the above points (1 or 2) is not done.

- A student who has secured an “F” grade in a course can register for the **Supplementary Regular Examination (General)** with the internal marks secured during the regular semester. Alternatively, the student can register for the **Supplementary Direct 100 Examination (100 Supply)**, where the internal marks will not be considered, irrespective of the number of supplementary attempt count.
- Please note that once a course is **registered as Supplementary Direct 100, it cannot be reverted to Supplementary Regular with internals**. The only alternative is to register for the course during the next offering through Re-Registration or Runtime Redo
- **Once the registration is completed in any one of the above categories, change of registration mode from General to 100 Supply or Vice versa will not be permitted.**
- Courses with “FA” grade, registration cancelled due to Malpractice, courses that were dropped and Lab courses cannot be registered. Please check your semester grade sheet before you apply.
- Term out students (students who have completed the duration of study but have not cleared the subjects) applications will not be processed without Course Extension Forms.
