To whomsoever it may concern

B.Tech programme in Amrita Vishwa Vidhyapeetham is structured on credit-based system and continuous evaluation, following the semester pattern, Based on the performance in each course, a student awarded, at the end of the semester, a letter grade in each of the courses registered. The letter grades, the corresponding grade points and the ratings are as follows:

Letter Grade	Grade Points	Grade Description
O	10.00	Outstanding
A+	9.50	Excellent
A	9.00	Very Good
B+	8.00	Good
B	7.00	Above Average
C	6.00	Average
P	5.00	Pass
F	0.00	Fail

On completion of a semester, each student is assigned Semester Grade Point Average(SGPA) which is computed as below for all course registered by the student during that semester.

$$\text{Semester Grade Point Average (SGPA)} = \frac{\sum(Ci \times GPi)}{\sum Ci}$$

Where, Ci is the credit for ith course in any semester and GPi is the grade point for that course.

The summation is over all the courses registered by the student during the semester including the failed courses. The SGPA is rounded off to two decimals.

The overall performance of a student at any stage of the B.Tech degree programme is evaluated by the Cumulative Grade Point Average (CGPA) upto that point of time.

$$\text{Cumulative Grade Point Average (CGPA)} = \frac{\sum(Ci \times GPi)}{\sum Ci}$$

Where, Ci is the credit for ith course in any semester and GPi is the grade point for that course.
The summation is over all the courses registered by the student during all the semesters up to that point of time including the failed courses. The CGPA is also rounded off to two decimals.
