CONTENTS

1. Objectives	01
2. About Central Library	01
3. Library Sections	05
4. Library Services	05
5. Library Facilities	06
6. Floor Plan	07
7. Library Timings & Contact details	08
8. Best Practices	08

OBJECTIVES

- To provide value added information services to the users.
- To establish state-of-the-art technologies and facilities in library services.
- To provide effective and innovative services to meet the changing needs of the students, faculty and staff.
- To provide technical and manual assistance to Students, Faculty and Staff to access the resources.

ABOUT CENTRAL LIBRARY

Central Library is a focal point of academic information and services which provides high-quality ambiance for the users with valuable resources. Covering a carpet area of 81000 sq ft., Library provides the best services to the academic fraternity to meet their teaching and research requirements.

Central Library maintains Hybrid collection and is fully automated with bar-code technology which was implemented in 2009. As one of the best established University Library, International Standards of OPAC (Online Public Access Catalogue like AACR-II and Z39.50 is used for bibliographic search.

ILMS - LIBSYS 4.0: The special features of the software are end-to-end manageability of the library operations through its comprehensive modules. As a Web-based solution, it provides platform independence. The interactive features include the Web OPAC facility.
