ASTITWA:

ACME's Series of Technological cum Informative Talks and Workshops for Artisan Development

ASTITWA is a Sanskrit/Indian Word for Existence, Knowledge (Truth) Seeking at all Levels, Reality, Being Alive, Continued Presence, Human Consciousness, etc.

ASTITWA is a platform created by ACME to conduct Tech-Talks and Workshops in order to Search for ANSWERS..... for INFORMATION, and Beyond that.... for Gaining KNOWLEDGE, and thereby, to Develop our SKILLS,..... and at a Philosophical viewpoint (on a bigger picture)..... For a bigger AWARENESS of our own EXISTENCE!!

ACME

Association of Mechanical Engineering (ACME) is a departmental professional association, formed to organize professional activities like seminars, workshops, industrial and inter-institute interactions, and other technical as well as non-technical events for the benefit of students & faculty, to enhance their professional, organizational, and leadership skills.
