

**Amrita Vishwa Vidyapeetham, Amrita School of Engineering, Coimbatore.**  
**Revised Online Supplementary Exam Schedule for Odd/Even semester courses of B Tech**  
**21/12/2021**

| Date, Slot & Day                          | Course code | Course Title                                        |
|-------------------------------------------|-------------|-----------------------------------------------------|
| <b>30/12/2021<br/>Slot 1<br/>Thursday</b> | CSE455      | Data Warehousing and Data Mining                    |
|                                           | 15SSK221    | Soft Skills 1                                       |
|                                           | 15MEC102    | Engineering Mechanics                               |
| <b>30/12/2021<br/>Slot 2<br/>Thursday</b> | 15AVP211    | Amrita Values Programme II                          |
|                                           | 19AVP211    | Amrita Values Programme II                          |
|                                           | 15MAT301    | Linear Algebra, Queuing Theory and Optimization     |
| <b>30/12/2021<br/>Slot 3<br/>Thursday</b> | 15CHE311    | Chemical Reaction Engineering II                    |
|                                           | 19CSE212    | Data Structures And Algorithms                      |
|                                           | 15CSE201    | Data Structures and Algorithms                      |
|                                           | CSE230      | Data Structure                                      |
|                                           | 19ECE212    | Linear Integrated Circuits                          |
|                                           | 15ECE303    | Linear Integrated Circuits                          |
|                                           | 15CVL102    | Mechanics: Statics and Dynamics                     |
|                                           | 15MEC201    | Engineering Thermodynamics                          |
| <b>03/01/2022<br/>Slot 1<br/>Monday</b>   | 15MEC211    | Fluid Mechanics and Machinery                       |
|                                           | 19ECE213    | Transmission Lines and Radiating Systems            |
|                                           | 15ECE213    | Transmission lines and waveguides                   |
|                                           | ECE210      | Digital Systems                                     |
|                                           | 19CHE211    | Chemical Engineering Thermodynamics                 |
| <b>03/01/2022<br/>Slot 2<br/>Monday</b>   | MAT211      | Integral Transforms and Complex Analysis            |
|                                           | 15CHE312    | Equilibrium Staged Operation                        |
|                                           | 15MEC203    | Material Science and Metallurgy                     |
|                                           | 15MAT121    | Vector Calculus and Ordinary Differential Equations |

**Timings : Slot 1: 9.00 -10.30 AM Slot 2: 11.30 AM-1.00 PM Slot 3: 2.00-3.30 PM**
