Unveiling  
**Cisco** Ideathon 2020

Dear Partners,

The new era is constantly being redefined by technology and engineering. The ability to innovate and leverage new ideas to solve problems is key to student success.

We are happy to launch the **Cisco Ideathon 2020**. Like its previous edition, this year too, the mega program promises to be a rewarding opportunity for your students to shape – not just their career – but also their future. Cisco Ideathon 2020 is your platform to be a part of Cisco's technological innovations by making the most of your potential and creativity.

## Cisco Ideathon 2020 is your opportunity to...

Showcase student's original thinking and problem-solving aptitude

Join Cisco to be part of its mission to use Technology in Powering an Inclusive Future. To understand how technology impacts inclusiveness, creates pathways to prosperity, and to finally spark new ideas that ignite innovation.

Achieve internship and subsequent full-time placement opportunities
